October 19 -24, 2015

Be a part of the YWCA 21st Annual YWCA Week Without Violence campaign!

Help us to eliminate violence from homes, schools, workplaces and our neighborhoods. **Join the YWCA in our efforts** to stop violence before it claims another victim. **Through education, art, empowerment and action** our YWCA, with sister YWCAs across the country and the world will spread a message of peace and non-violence, welcoming schools and communities to participate in our students pledging for a safer school and community they live in.

The goal of the campaign is **to directly impact the youth in the Tri Cities** and heighten awareness of the opportunities we all have to prevent and avoid violence, to help bring a vision of a safer, healthier community and to offer prevention and educational tips that can be integrated into everyday lives.

Last year over **7,500 students and educators signed pledge cards against violence for their schools and communities to be a safer, happier and more respectable place!** Teaching Tolerance educational programs and YWCA anti-violence activities are available for youth educators to teach techniques to eliminate and/or resolve violence, bullying and hate crimes in many different areas of their lives.
